DETAILED ACTION

Allowable Subject Matter

1. Claims 9-11, 15-25, 27-28, and 31-39 are allowed.

The following is a statement of reason for the indication of allowance: As the applicant stated in the remarks of the amendment filed on 1/17/2008.

Applicant's independent claims 9 and 23: The present in invention is directed to a mobility manager for facilitating handover of ongoing communication of a first call between a wireless communication unit and a peer communication unit from a first communication network to a second communication network , the independent claim identifies the patentably distinct feature "ascertain a handover number for the wireless communication unit, the handover number terminating on the mobility manager associating with the first communication network, for use in facilitating the handover of the ongoing communication by initiating a handover call made by the wireless communication unit on the second communication network to the handover number while the first call is ongoing; receive the handover call from a network switching function for the first communication network, and facilitate connecting the peer communication unit to the handover call and sending a connect indication for the handover call to the wireless communication unit". Applicant's independent claims 9 and 23 comprise a particular combination of elements, which is neither taught nor suggested by prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance."
